LAVAGNA ITALIAN SLATE AND QUARTZ

TRIBU, GLOSTER*Ranges: Natal light, Cloud*

Lavagna: Each sheet of this beautiful natural stone is unique in colour and texture, making it an extremely sought-after material for both indoor and outdoor use.

The slate can be kept clean by simply wiping with a damp cloth. *Tribu Slate Protector* can be applied a couple of times a year to protect and enhance the colour of the slate. The slate is sensitive to acids so care should be taken to wipe up any spills of wine, vinegar, etc. as soon as they occur.

Quartz: Quartz as used on Gloster's Cloud tables, offers the natural beauty of quartz with up to six times the strength and durability of granite. Approximately 93% of the material is comprised from natural quartz crystals, one of nature's hardest materials. The quartz is combined with special resins and pigments to create a beautiful and strong surface that is highly scratch and impact resistant. Gloster quartz is also intrinsically nonporous, preventing unwelcome germs, bacteria and mildew. Gloster quartz does not require sealing, conditioning or polishing and can simply be wiped down with a damp cloth.
